

Task #1 Template

Now that you have selected your customer, you must research before suggesting any location your client will visit. Your employer has high expectations of you and will not accept any unreliable sources. Therefore, you are expected to find credible online resources and possibly access information from reliable resources that are not on the Internet, such as people who have visited Japan, travel guide books, resources found at the local library. You are expected to fill out Task 1 Template by tomorrow...do not disappoint you employer.

Directions: Each box you fill out in this template will be transferable to your Google My Map via copy and paste. However, do not copy and paste your research - Plagiarism is not allowed! Both your client and employer expect you to provide a reliable source that validates your suggestions.

Hint: There are many great travel videos found on these topics. Many videos contain closed captioning and transcripts that are helpful; however, there are many unreliable videos that should never be used as research!

<p>Source and name of place, activity, food, or element of culture you are suggesting: If it is an online source, provide a link. <u>Google is not a source!</u> If it is not found on the Internet, provide information that will make it traceable.</p>	<p>In your own words, provide a description that will help your client understand why you are suggesting this activity, food, place, or element of culture.</p> <p>Hint: You can also include information you learn from a video - the video can be entered within your Google My Map and also be your source.</p>	<p>Link to Image or Video you may provide in your Google My Map.</p> <p>You ONLY need 1 Image or 1 Video.</p>
<p>Example: Arashiyama Bamboo Grove</p>	<p>Arahiyama Bamboo Gove is very unique and can only be found in Kyoto. The grove's natural beauty is unforgettable and will leave you with a new and unique perspective of forests. It is important that you are respectful while visiting the forest - many Japanese people treat places of natural beauty with reverence. Make sure to take photographs as you will want to share this experience with others.</p>	<p>Image Video</p>

*Finish this task before moving to Task #2
